Go Fish

2-6 Players

1. Each player begins with 5 cards. The remaining cards are stacked together and placed faced down in a pile. (If any player is dealt a pair, remove it and place the pair beside that player.)
2. **Player 1** asks another player if they have a match to a certain card in his hand. Example: "Do you have a Panda?" If yes, **Player 1** is given that card. **Player 1** places the pair off to the side. **Player 1** takes another turn. If the next player questioned does not have the card requested, they respond "Go Fish." **Player 1** then must select a card from the pile.
3. Play moves on to the next player. Repeat step 2.
4. Continue taking turns until all the matches have been made.
5. The player with the most pairs at the end of the game wins!
